Re: Docket E-22276 Turtle Creek Request for Additional Informational Meeting

To Whom It May Concern:

Turtle Creek Wind Farm LLC ("Turtle Creek") requests the date of November 17, 2016 to hold an informational meeting in the above referenced docket. Turtle Creek requests that the informational meeting be held at the Mitchell County Conservation Center, 1879-3 IA-9 (Hwy 9), Osage, IA 50461 in order to accommodate all interested parties that may wish to attend.

Turtle Creek hosted a previous informational meeting for the project on April 29, 2016 at the Stacyville Public Library in Mitchell County, Iowa. At that informational meeting, Turtle Creek presented to interested parties its initial proposed route for its wind energy project electric transmission line that will connect a new project substation at Turtle Creek with the existing Pioneer Prairie Wind Farm project substation. After that informational meeting, Turtle Creek representatives met directly and individually with potentially affected landowners on the initial proposed route. As a result of these individual meetings and discussions, Turtle Creek has modified the proposed route for the transmission line and requests an additional informational meeting to present the new proposed route to interested parties and potentially affected landowners.

Thank you for your assistance.

/s/ Rorik Peterson

CERTIFICATE OF SERVICE

This document was served electronically via IUB EFS upon the following parties in Docket E-22276.

Office of Consumer Advocate

Bernard G. Retterath & Betty A. Retterath

Brian M. Retterath & Jennifer J. Retterath
